A bubbling at the throat
 what if they know?
 I need to adjust what I say
 as I adjust the large bag on my shoulder
 because maybe they have heard
 perhaps they know
 the longing I will feel when they board
 gates apart, states apart
 when will I see them again?

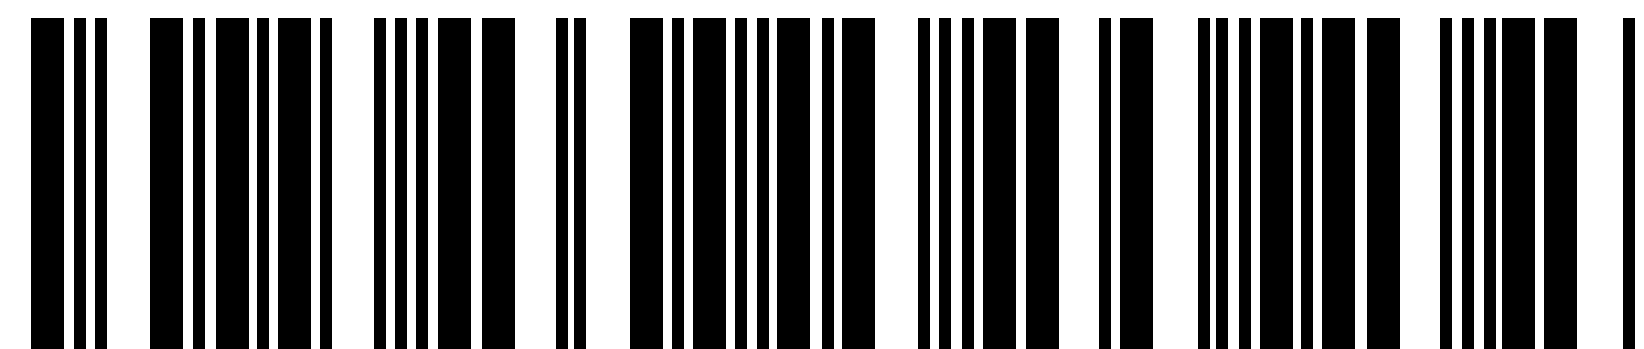

I want to tell them how much I love them
 as a muffled woman sirens to the gate
 but all I can utter is,
 "want me to buy you a sodie before you hop on that plane?"
 while stuttering
 the upside-down of Casablanca

But the cat's already out of the bag
 they know
 and they like (love, actually) me anyway
 and soon enough,
 we can climb into the same bag
 and purr the days away.
