

DOWN WITH IT

by: Michael Chang

now that i understand

if ur a house

i'm the broken windows

& whole foods truffle butter

i know exactly wut to say

like when i told him

i only wanna share the gud i come across

w/ u

w/ u

i bet he read & reread it still

as boys became lakes

dark & cool to the touch

when u were there

did u see the others

sleek things, glinting
