

I watched Rio Bravo in
our mouse-infested trailer
with PVC hose water for drinking/
bathing/flushing.

Four people and a dog
no room to breathe
the heat and cold sealed up in there with us
all squished up like pulp.

That night
I dreamed I was Dean Martin
bent over a spittoon
fingers deep in warm brown saliva.

In the morning
I found a makeshift crack pipe
outside my bedroom window.

I need John Wayne to Kick My Ass
