

Zoom-Bye with Zubrowska N Zzz Quil

Kidnapped in a B movie by A-listers in Coke-bottle specks /
At the dive bar-made lemonade stand / They poisoned my
sticky sweet rolls wrapped in cheddared fascia / Could I as a
human be this chewy / The most complicated bite in town /
Woke up in a junkyard outhouse / Appliances and toilets
peek up from wild grass / The far-away barn once caught on
fire / Leans obliquely & I'd rather stay there / Rather stay
there than the red wagon they keep me / A bed of newspaper
and guinea pig bedding / Inside the wire cage on wheels is a
television trick I'm sold / Nature's endless property / A
wagon pulled by no one / Swindled completely if it weren't
for the analog noise / The Lo-Fi insult to my memory / I
believe I can break out in bees / I believe if this can happen
to me, I can escape / I can break out in bees / Nicolas the
Cage awake
